

# Transformers and Plug-In DC Power Supplies

## TR12 Plug-In Power Supply

The SDC TR12 1 Amp 12VDC regulated plug-in power supply.

### FEATURES

- Thermal Overload Protection
- LED Power Status Indicator
- UL Listed, Class 2

### SPECIFICATIONS

<b>Primary Input</b>	120VAC, Grounded
<b>Secondary Output</b>	Regulated, 12VDC @ 1 Amp
<b>Secondary Connection</b>	Screw Terminals

## TR24 Plug-In Power Supply

The SDC TR24 1 Amp 24VDC regulated plug-in power supply.

### FEATURES

- Thermal Overload Protection
- 6 Foot Cord
- UL Listed, Class 2

### SPECIFICATIONS

<b>Primary Input</b>	120VAC, Grounded
<b>Secondary Output</b>	Regulated 24VDC @ 1 Amp
<b>Connection</b>	6 ft. Wire Leads

## TP1220 Plug-In Power Supply

The SDC TP1220 is a 1.6 Amp 12VAC regulated plug-in power supply.

### FEATURES

- Thermal Overload Protection
- UL Listed, Class 2

### SPECIFICATIONS

<b>Primary Input</b>	120VAC
<b>Secondary Output</b>	Fused. 12VAC @ 1.65 Amps
<b>Secondary Connection</b>	Screw Terminals

## TP2440 Plug-In Power Supply

The SDC TP2440 is a 1.6 Amp 24VAC regulated plug-in power supply.

### FEATURES

- Thermal Overload Protection
- UL Listed, Class 2

### SPECIFICATIONS

<b>Primary Input</b>	120VAC
<b>Secondary Output</b>	Fused. 24VAC @ 1.65 Amps
<b>Secondary Connection</b>	Screw Terminals

## TRANSFORMER ACCESSORIES

### BR64XL Full Wave Bridge Rectifier

### FEATURES

- 6" Wire Leads
- Converts AC Transformer to DC Output

### SPECIFICATIONS

<b>Primary Input</b>	12 or 24VAC
<b>Secondary Output</b>	12 or 24VDC
<b>Secondary Connection</b>	4 Amps Maximum Load
