

Electric Strikes

GK450/480 Series

Durable, Versatile Strikes for Residential and Business

The GK450 series ANSI electric strike is designed for use with cylindrical locksets and mortises locksets without a deadbolt and can be installed in metal and wooden door frames. It includes a latch monitor and is field reversible for fail-safe or fail-secure operation.

Standard Features

- Non-handed fully reversible
- Field reversible fail-safe or fail-secure
- Stainless steel faceplate

Optional Features

- Latch monitor

Patents, Approvals, and Listings

- UL listed: BP10269 (GK450,451,480,481)
 - Static strength: 1,500 lbs (680 Kg)
 - Dynamic strength: 70 ft-lbs
 - Endurance rating: 100, 000 cycles

Changing Fail-Safe / Fail-Secure

Fail-safe or fail-secure is field reversible by reversing the round screw.
