

...getting a smart handle
on access control

Lever furniture with integral digital keypad providing simple, effective access control.

Easy and convenient

For simple, effective key-less locking/unlocking of interior doors in all light commercial and residential environments where the convenience of access control is the main priority. Codehandle is the ideal solution for most restricted access areas, private offices, storerooms, cupboards, etc.

Attractive design and easy to fit

In aesthetic environments Codehandle is a more attractive, compact option to bulky keypads. Further, it is so easy to fit - no wires, cables, drilling or special fitting is required.

Features and Functions

- 9 user codes and 1 master code – can be changed unlimitedly
- 2no. CR2, 3V lithium batteries provide approx. 100,000 operations
- Entering an incorrect code 5 times blocks handle for 3 minutes
- Manual or automatic locking
- Low battery indicator when 500 operations remain
- Visual and acoustic feedback

Finish

Satin stainless steel with satin chrome trim

Standards

EN 1906
EN 55022 Class B
EN 61000-4-2, 4-3, 4-8; EN 61000-6-2, 6-3
Included in a successful fire test to EN 1634-1

Ordering Code	Description
J-E1200-02RH-SS	Codehandle set - right hand
J-E1200-02LH-SS	Codehandle set - left hand
